Dear Bonnie,

Attached please find a copy of the Kootenai Development Impoundment-Safety Procedures Manual. This is a one source document which contains the required Emergency Action Plan for the Libby area dam as well as the Standard Operating Procedures and Maintenance Procedures for the impoundment and the dam. The Emergency Action Plan was updated with the assistance of personnel from the Montana Department of Natural Resources and Conservation, Water Resources Division and has been distributed to the appropriate emergency parties and agencies.

Please advise if there are any questions.
